MAUI ~ UPCOUNTRY
\$5,900,000

PASTORAL 8.5-ACRE UPCOUNTRY ESTATE

This premier gated estate on the western slopes of Mount Haleakala offers unmatched architectural quality and diversity along with extraordinary bi-coastal, sunset, and mountain views. The architecture of the main house takes a nod from Frank Lloyd Wright's prairie style, incorporating local materials and designed to be in harmony with its natural surroundings. A 50' infinity edge pool provides a seamless transition from the large outdoor terrace to the ocean views while a spa and five fireplaces provide warmth on temperate upcountry evenings. Also included on the estate is a guest house, originally built in 1935 but fully rehabilitated and meticulously maintained. The 8.5 acre grounds also includes equestrian facilities, herb gardens, 600 trees of multiple varieties, and a heli-pad. Truly an experience.

Shown by appointment only.
